TAYLOR INSTITUTE FOR TEACHING AND LEARNING

UNIV 302 RESEARCH SUPERVISOR FORM

This form is to be completed by the supervisor applying to create a research project stream in the UNIV 302 Research on Global Challenges course.

Research on Global Challenges is a course where students will explore responses and solutions to global challenges by conducting research in collaboration with an interdisciplinary cohort of students and a research supervisor.

Please submit the completed form to cdci@ucalgary.ca.

RESEARCH PROJECT STREAM DETAILS
Research Project Stream Title:
Research Project Stream Description (approx. 250 words) *click here for previous examples*:

Global Challenge UN Sustainability Goals Alignment*
Please **rank up to three goals in numerical order** from the below UN Sustainability Goals in relation to how relevant they are to your Research Project Stream.

No poverty
End poverty in all its forms everywhere

Zero hunger
End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Good health and wellbeing
Ensure healthy lives and promote well-being for all at all ages

Quality education
Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Gender equality
Achieve gender equality and empower all women and girls

Clean water and sanitation
Ensure availability and sustainable management of water and sanitation for all

Affordable and clean energy
Ensure access to affordable, reliable, sustainable and modern energy for all

Decent work and economic growth
Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Industry, innovation and infrastructure
Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Reduced inequality
Reduce inequality within and among countries

Sustainable cities and communities
Make cities and human settlements inclusive, safe, resilient and sustainable

Responsible consumption and production
Ensure sustainable consumption and production patterns

Climate action
Take urgent action to combat climate change and its impacts

Life below water
Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Life on land
Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Peace, justice and strong institutions
Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Partnerships for the goals
Strengthen the means of implementation and revitalize the global partnership for sustainable development

	Will your research stream involve a community partner?

If **yes** to community partner, please provide details on how students in your research stream will be engaging with the community partner.

IDENTIFY YOUR STUDENTS

	How many students are you looking to supervise in UNIV 301? (minimum 5 students)

Have you already recruited students to enrol in your research project stream? If yes, please include the students' names you have already recruited.
Note: Students must be undergraduates and have completed a minimum of 30 units

Do you need support in recruiting some or all students to enrol in your research project stream?
If **yes**, approximately how many students do you need support in recruiting and are you interested in supervising interdisciplinary students (i.e. students who are in a different faculty from your own)? Do you have any criteria students must meet in order to join your research project stream?

IDENTIFY YOUR RESEARCH COACH

Have you already found a research coach? If so, please include their name below.
Note: Research Coaches can be a graduate student or a senior undergraduate student who will be working to support your stream for approx. 20 hours/week for the duration of the semester.

RESEARCH SUPERVISOR TERMS AND CONDITIONS	
YES NO	I commit that I will communicate with students applying to enrol in my research project stream about the research project's description, scope, and themes prior to the term start
YES NO	I commit to reviewing student applications to my research project stream and providing a final confirmation of the students in my stream to the CDCI **at least one month** prior to the term start
YES NO	I commit to meeting with my research project stream students on Mondays, 4-5pm throughout the term to provide feedback, support and mentorship
YES NO	I commit to meeting with the CDCI team and UNIV 301 course instructor monthly.

SIGNATURE	
Required signature (electronic signatures are accepted)	
I confirm that the information provided in this form is accurate and true. I agree to the terms and conditions outlined in this form and will adhere to them.	Research Supervisor Signature:
